

2015 ICD-10-CM Codes V, X, Y, Z

External causes of morbidity V00-Y99 >

- This chapter permits the classification of environmental events and circumstances as the cause of injury, and other adverse effects. Where a code from this section is applicable, it is intended that it shall be used secondary to a code from another chapter of the Classification indicating the nature of the condition. Most often, the condition will be classifiable to Chapter 19, Injury, poisoning and certain other consequences of external causes (S00-T88 ). Other conditions that may be stated to be due to external causes are classified in Chapters I to XVIII. For these conditions, codes from Chapter 20 should be used to provide additional information as to the cause of the condition.

Factors influencing health status and contact with health services Z00-Z99 >

Note

- Z codes represent reasons for encounters. A corresponding procedure code must accompany a Z code if a procedure is performed. Categories [Z00-Z99](#)  are provided for occasions when circumstances other than a disease, injury or external cause classifiable to categories [A00](#)  -Y89 are recorded as 'diagnoses' or 'problems'. This can arise in two main ways:
 - (a) When a person who may or may not be sick encounters the health services for some specific purpose, such as to receive limited care or service for a current condition, to donate an organ or tissue, to receive prophylactic vaccination (immunization), or to discuss a problem which is in itself not a disease or injury.
 - (b) When some circumstance or problem is present which influences the person's health status but is not in itself a current illness or injury.
- [Z00-Z13](#) Persons encountering health services for examinations
- [Z14-Z15](#) Genetic carrier and genetic susceptibility to disease
- [Z16-Z16](#) Resistance to antimicrobial drugs
- [Z17-Z17](#) Estrogen receptor status
- [Z18-Z18](#) Retained foreign body fragments
- [Z20-Z28](#) Persons with potential health hazards related to communicable diseases
- [Z30-Z39](#) Persons encountering health services in circumstances related to reproduction
- [Z40-Z53](#) Encounters for other specific health care
- [Z55-Z65](#) Persons with potential health hazards related to socioeconomic and psychosocial circumstances
